ONLINE LEARNING

PSEA's Center for Professional Learning is proud to launch our new online learning system: **PEARL**!

PEARL, Professional Education and Resources for Learning offers dozens of asynchronous, online learning opportunities to PSEA members at no charge. Now members like you can expand your professional learning at your own pace and at times that work for YOU from almost anywhere in the world!

Most courses are eligible for Act 48 hours or a Chapter 14 certificate. All courses provide course completers with an online badge that can be shared on social media platforms as evidence of your growing expertise.

Explore PEARL today at:
